**Ohio GROWS classes consist of 12 parts. All 12 parts must be taken for class completion. Parts may be selected from different Course ID's according to your needs, but you must track which parts you have taken, still need to take, and be sure to complete all 12 parts by the last date it is offered.**

**You may take both Energy Efficiency and Solar Photovoltaics. Ohio residents who complete both classes will receive a total of \$800.00 in stipends from the Ohio grant. Kentucky and Indiana residents may take the class for free, but will not receive the grant stipend for either class.**
